

APPENDIX A: CWPP Addendum For County Wildland Fire Interagency Groups

This template may be used by County Wildland Fire Interagency Groups in order to more clearly express their priorities for hazardous fuels treatments, firefighting assistance, or other needs related to the National Fire Plan. Although the form is not required, **those County Working Groups that choose to submit this document will receive priority consideration for competitive grant and assistance funding programs.** This document provides your County Working Group with the opportunity to provide direct input into the process used to determine how National Fire Plan funds are distributed. If your Working Group would like to provide more project detail, you may attach additional sheets to this form or create your own document.

You may submit this document by mail or e-mail to:

Idaho State Fire Plan Working Group
c/o Idaho Department of Lands
Bureau of Fire Management
3780 Industrial Avenue South
Coeur d'Alene, ID 83815

B. Hazardous Fuels Treatments, Non Federal Lands

Please provide a list of hazardous fuels treatment projects that your group would like to see conducted on *private* lands. There is room available to include five projects, but you may provide more if you would like. Projects should be delineated by a specific boundary (i.e. subdivision, community, or watershed; simply stating "the eastern portion of the county" would not be specific enough). **This list of priorities may be changed at any time as projects are completed or as conditions warrant.**

Example: Castle Mountain Creeks Subdivision (adjacent to Garden Mountain BLM project, already completed)

1. Challis Area - Garden Creek City limits to Chipmunk Ski Hill
2. Challis Area - South Avenue from Hy 93 to 7th st.
3. Mackay Area- Big Lost River, Mackay Dam South to Smelter Rd. bridge.
4. Mackay Area -Big Lost river, Houston Rd. South to Grey bridge on 4100 North
5. _____

C. Hazardous Fuels Treatments, Federal Lands

Please provide a list of hazardous fuels treatment projects your group would like to see conducted on *federal* lands. For projects conducted within the wildland urban interface (WUI), it may be appropriate to include the adjacent community or subdivision. However, it is also appropriate to include those federal projects outside the WUI. **This list of priorities may be changed at any time as projects are completed or as conditions warrant.**

1. Custer Fuels Reduction (WUI)
2. Capehorn Road Fuels Reduction (Red Tree Project) (WUI)
3. Continuation of Garden Creek Fuels Reduction (Municipal Watershed)
4. White Knob Fuels Reduction (Municipal Watershed)
5. PICO Salvage (Red Tree Project)

D. Firefighting Assistance Funds

Please provide a list of firefighting needs for fire departments within your county. The list may include tangible resources like fire trucks and hoses, safety or communications equipment like Personal Protective Equipment (PPE) and radios, as well as training and assistance with the creation of new fire districts. The purpose of this list is to create better awareness of resource needs within the county and to better allocate resources between various grant and assistance programs at the state level. Even though the needs of a number of different fire departments or districts are to be listed here, **the needs of each fire department or district will be evaluated independently.** If fire entities are unable to develop a countywide priority list, they may list the priorities of each department or district separately. **This list of priorities may be changed at any time as projects are completed or as conditions warrant.**

Example:

1. Creation of a new fire district in a rural portion of the county.
2. Equipment for fire districts #1 and #2
3. New fire house for district #4

1. Challis - Combined City and Rural Fire Hall with room for Ambulances and State or Federal Apparatus
2. Challis, Stanley & Mackay - Surface Water Supply Equipment which would include Suction Hoses, Supply Hoses, Portable Pumps and Dump Tanks
3. Challis, Stanley & Mackay - Water Tenders and Water Tenders with internal Pumps
4. Challis, Stanley & Mackay - Wildland PPE & Next Generation Shelters
5. Mackay - Regional Training Facility for Wildland and Structure Fires
6. Challis & Mackay - Compressed Air Foam Systems for Wildland Fire Fighting

7. Challis, Stanley & Mackay - Underground water Storage tanks at locations with no surface water close and easily assessable. Dry Hydrants at surface water locations with limited access to include locations in Lemhi County covered by North Custer Fire Protection District.
8. Challis, Stanley & Mackay -Communication system that all three departments can use when giving or receiving mutual aid and outside resources can use when assisting local departments.
9. South Custer - Expand apparatus bay on Leslie Station.
10. South Custer - Expand apparatus bay on Bartlet Pt. Station.

Please attach another sheet if necessary.

E. Other prioritization needs (optional)

What other needs do you have within your county? Any type of program not covered above may be included here such as homeowner education, a WUI Coordinator, adoption of WUI codes or ordinances, Federal Excess Personal Property (FEPP) requests, etc.

1. Challis, Stanley & Mackay - Open burning Ordinance for Custer County
2. Challis, Stanley & Mackay - Emergency warning system for rural locations to aid in mass alerts and evacuations.
3. Challis, Stanley & Mackay - WUI Public Education
4. Challis, Stanley & Mackay - Custer County Zoning to limit future problems
5. _____
6. _____
7. _____

F. WUI Map

If your working group has made any changes to your wildland urban interface (WUI) map, please include a copy of the map (e-mail preferred to sschedler@idl.idaho.gov).
